

Executive Overview: All core e-commerce architecture, product catalogs (8 active pieces, 49 variants), multi-currency FX converters, shopping cart drawers, and direct concierge fallbacks are 100% operational (28/28 verified tests passing). To begin live transactions and launch the promotional sale, complete the checklist below.

1. PAYMENT GATEWAY (PAYSTACK) — LIVE MOMO & CARDS

Required to collect live payments automatically

PRIORITY	TASK & IMPLEMENTATION DETAILS	TICK BOX
CRITICAL	Obtain & Enter Paystack Live API Keys Log into your Paystack Dashboard (Settings → API Keys & Webhooks). Copy Live Secret Key (sk_live_...) and Live Public Key (pk_live_...). Enter them in .env or in the Admin Console. Admin → Settings → Integrations → Paystack	☐
CRITICAL	Set Paystack Mode to “live” Set PAYSTACK_MODE="live" so checkout connects to the production payment gateway rather than the test sandbox. Environment / Admin Settings	☐
CRITICAL	Register Paystack Live Webhook URL In Paystack Dashboard → Settings → Preferences → Webhooks, set the Live Webhook URL to: https://<your-domain>/api/webhooks/paystack. This automatically marks orders as PAID and reserves inventory instantly. Paystack Dashboard → Settings → Webhooks	☐
HIGH	Perform Real GH¢1.00 Test Transaction Place an order using a real Ghana Mobile Money number (MTN / Telecel / AirtelTigo) and a bank card. Verify that the order transitions from PENDING to PAID and stock decrements correctly. Storefront → /checkout → Paystack Modal	☐

2. CUSTOMER SMS & VERIFICATION (VYNFY)

Required for Ghanaian phone registration & order notifications

PRIORITY	TASK & IMPLEMENTATION DETAILS	TICK BOX
CRITICAL	Enter Vynfy API Key & Approved Sender ID Customer accounts in Ghana verify via 6-digit SMS OTP. Enter your VYNFY_API_KEY and registered VYNFY_SENDER_ID (e.g. LaLuxury, max 11 chars approved by telecom authorities). Admin → Settings → Integrations → SMS	☐
HIGH	Fund Vynfy SMS Credit Balance Ensure your Vynfy SMS balance has adequate units (recommended ≥ 500 SMS credits) so new customer sign-ups and dispatch notifications never fail due to depleted balance. https://sms.vynfy.com/billing	☐
HIGH	Test Phone Sign-Up Flow Register a new account on /register with a real Ghanaian phone number (e.g. 024XXXXXXX). Confirm SMS OTP arrives within 30 seconds and verification succeeds. Storefront → /register → /register/verify	☐

3. TRANSACTIONAL EMAIL & PASSWORD RESETS (SMTP)

Receipts, order confirmation emails, and staff password recovery

PRIORITY	TASK & IMPLEMENTATION DETAILS	TICK BOX
HIGH	Configure SMTP Mail Credentials Provide SMTP_HOST, SMTP_PORT (587), SMTP_USER, SMTP_PASSWORD, and EMAIL_FROM (e.g. LaLuxury <orders@laluxury.com>). Use SendGrid, Postmark, Amazon SES, or Google Workspace SMTP. Admin → Settings → Integrations → Email (SMTP)	☐
MEDIUM	Test Email Dispatch & Password Reset Use the “Test” button in Admin Settings → Integrations to verify outbound delivery. Trigger a password reset on /forgot-password to ensure reset links arrive. Storefront → /forgot-password	☐

4. PRODUCTION SECURITY, DOMAIN & DATA CLEANUP

Host readiness and operational hygiene

PRIORITY	TASK & IMPLEMENTATION DETAILS	TICK BOX
CRITICAL	Change Default Seed Owner Password The database was initialized with default password ChangeMe!2026 for owner@laluxury.com. Change this immediately before public launch under Staff or via password reset. Admin → Staff (/admin/users) → Owner Account	☐
CRITICAL	Set Production Public Site Domain Update NEXT_PUBLIC_SITE_URL in your deployment environment (e.g. Railway) to your live HTTPS domain (e.g. https://laluxury.com). Required for Paystack return URLs and SMS tracking links. Deployment Environment Variables → NEXT_PUBLIC_SITE_URL	☐
COMPLETED	Clear Demo Orders & Mock Customers 5 demo orders (DEMO-1000 to DEMO-1004) and 3 mock demo customer accounts were purged from the database. Live metrics and order queues are now clean. Executed via: <code>npm run db:demo -- --clear</code>	☒

5. STORE PROFILE, WHATSAPP & CUSTOMER CONTACT

Customer trust signals and immediate support channels

PRIORITY	TASK & IMPLEMENTATION DETAILS	TICK BOX
HIGH	Set Official WhatsApp Business Number Add your WhatsApp customer line (e.g. +233 24 123 4567). This powers the quick "WhatsApp Us" links in the header, footer, product inquiries, and contact page. Admin → Settings → Store Details → WhatsApp	☐
HIGH	Update Hotline, Email & Showroom Address Fill in support telephone, official support email (e.g. hello@laluxury.com), and physical showroom location or pickup station details in Accra. Admin → Settings → Store Details	☐
MEDIUM	Review Terms, Delivery & Return Policies Confirm wording for deliveries (Accra 1-2 days, Nationwide 3-5 days to station) and returns ("All sales final, inspect upon delivery"). Easily modified in settings without redeploying. Admin → Settings → Policies (/terms)	☐

6. WAREHOUSE INVENTORY AUDIT & CATALOG REVIEW

Stock integrity before opening order doors

PRIORITY	TASK & IMPLEMENTATION DETAILS	TICK BOX
CRITICAL	Physical Stock Audit (Counts In Warehouse) Audit actual physical quantities of bedsheet sets, 3D carpets, throw pillows, curtains, and blinds. Type exact counts into the editable stock cells in the Admin Inventory ledger. Admin → Inventory (/admin/inventory)	☐
HIGH	Verify Retail Prices & Unit Costs Ensure selling prices (in GH¢) and cost prices (for margin reporting) are up to date. Verify size & colour variant ladders for Zebra Blinds (3ft to 7ft) and Bedding (Double, King, Superking). Admin → Products (/admin/products)	☐
MEDIUM	Confirm Delivery Rates & Free Shipping Ceiling Review shipping rates: Accra Same-Day (GH¢45), Accra Standard (GH¢25), Rest of Ghana (GH¢70). Confirm whether free delivery threshold should remain GH¢10,000 or be tailored. Admin → Settings → Delivery (/admin/settings/delivery)	☐

7. PROMOTIONAL SALE & CAMPAIGN EXECUTION

Discounts, strike-through pricing, promotional badges, and banners

PRIORITY	TASK & IMPLEMENTATION DETAILS	TICK BOX
COMPLETED	Created "LAUNCH10" 10% Promotional Discount Coupon code LAUNCH10 (10% off entire order) created and activated in database, ready for launch marketing campaigns. Admin → Discounts (/admin/discounts)	☒
COMPLETED	Added "Sale & Offers" Navigation Link Added "Sale & Offers" (linking to /shop?onSale=1) in desktop and mobile menus. Configured with toggle in Admin Settings under Navigation Menus. Storefront Header & Admin → Settings → Menus	☒
COMPLETED	Automated "Sale" Badges on Discounted Items Updated product tile logic: any product with a was-price (<code>compareAtPrice > minPrice</code>) automatically displays a high-visibility "Sale" badge on the storefront. Storefront Catalog & Home Grid	☒
HIGH	Set Was-Prices (<code>compareAtPrice</code>) for Sale Items For items on promotion, input the original price in <code>compareAtPrice</code> (e.g. Bedsheet Set current GH¢80, was GH¢100). The strikethrough price and percentage savings will immediately appear. Admin → Products → Edit Product → Details	☐
HIGH	Update Storefront Marquee Announcement Edit the top announcement marquee text to feature the sale, e.g.: "LAUNCH SALE: Up to 20% off selected luxury bedding & carpets · Use code LAUNCH10 · Nationwide delivery" Admin → Settings → Announcement Bar	☐
MEDIUM	Activate Curated Homepage Bundle Banner Optionally feature a complete package (e.g. 4-Piece Bedroom Suite) with a combo price and compare-at discount on the homepage. Admin → Settings → Home Page (/admin/settings/home)	☐

8. LOGISTICS, PACKAGING & DISPATCH PROTOCOL

Order packing slip printing and courier partner handover

PRIORITY	TASK & IMPLEMENTATION DETAILS	TICK BOX
HIGH	Confirm Delivery Rider & Bus Station Contacts Formalize arrangements with dispatch riders for Accra (same day / next day) and transport station bus parcel offices (VIP, OA, Intercity STC) for Kumasi, Takoradi, Sunyani, etc. Operations Team / Logistics Partners	☐
MEDIUM	Test Printable Invoices & Packing Slips Open an order in /admin/orders and click "Print Packing Slip" / "Print Invoice". Verify clean thermal/A4 printing with no browser chrome. Admin → Orders → View Order → Print Slip	☐
MEDIUM	Train Staff on Order Status Workflow Ensure staff know the standard lifecycle: PAID → PROCESSING (Pack in bag) → SHIPPED (Input tracking/rider number) → DELIVERED . Each step automatically updates the customer. Admin → Orders	☐

9. PRE-LAUNCH VERIFICATION DRILL (FINAL SIGN-OFF)

End-to-end dress rehearsal before marketing push

PRIORITY	TASK & IMPLEMENTATION DETAILS	TICK BOX
COMPLETED	Production Build & Domain Verification Full next build and all 28 automated verification tests passed with zero errors or schema mismatches. Build Status: Clean · 28/28 Domain Tests Passed	☒
CRITICAL	End-to-End Live Bag-to-MoMo Rehearsal Complete one real order on a phone from catalog to Paystack prompt, input test promo code LAUNCH10, verify discount application, and inspect the order in the Admin Orders dashboard. Final Sign-Off Drill	☐
